

2ND ANNUAL SYMPOSIUM

Chemical & Pharmaceutical Structure Analysis

*Where Technology and Solutions Meet
Where East Meets West*

CPSA SHANGHAI 2011

April 13 -16, 2011
Renaissance Shanghai Pudong Hotel
Shanghai, China

Program Chair

Jing-Tao Wu

Takeda Millennium Pharmaceuticals

2011 Organizing Committee

Jianguo An

Wilmington PharmaTech (China)

Anne-François Aubry

*Bristol-Myers Squibb
(New Brunswick, NJ USA)*

Honggang Bi

Covance (Shanghai)

Jack Chen

DSM Nutritional Products (Shanghai)

Ziqiang "Zack" Cheng

GlaxoSmithKline (Shanghai)

Ben Chien

QPS Holdings, LLC (Newark, NJ USA)

Kelly Dong

GlaxoSmithKline (Shanghai, China)

Scott Fountain

Pfizer (San Diego, CA)

Lawrence Gan

BiogenIdec (Cambridge, MA USA)

Todd Gillespie

Eli Lilly and Co. (Indianapolis, IN USA)

Xiaoyi Gong

Merck (Rahway, NJ USA)

Zhuohan Hu

*Research Institute for Liver Diseases
Co., Ltd. (Shanghai)*

Yong-Guo "Fred" Li

Roche R&D Center (China) Ltd.

Wenfang Maio

Pharmeron (China)

Mark Milton

Novartis (Cambridge, MA USA)

Haojing Rong

Pfizer (Groton, MA USA)

Nalini Sadagopan

Agilent (Santa Clara, CA USA)

Tim Schlabach

Agilent (Santa Clara, CA USA)

Roman Szucs

Pfizer (Sandwich, UK)

What is CPSA?

The CPSA Shanghai symposia and roundtables are highly interactive events where scientists share their experiences and visions in a collegial setting. The program will highlight speakers and sessions that provide real-world experiences with new technologies and critical insights into current issues and future needs. Education and specialized training are the foundation of all CPSA events.

Each session at CPSA Shanghai addresses the current industrial landscape and the global need to bring products to market faster. Program chairs promote discussion and exchange of experiences, ideas, and visions so that current processes that involve analytical measurement can be benchmarked and future strategies may be developed.

Goals

The goal of CPSA Shanghai is to provide in-depth review of innovative technology and industry practices through open discussion of industry-related issues and needs. The program will highlight speakers and sessions that provide real-world experiences with new technologies and critical insights into current issues and future needs. Education and specialized training are the foundation of all CPSA events.

Format

The CPSA Shanghai symposia and roundtables feature a unique format allowing scientists to openly share comprehensive perspectives on industry-related issues and needs. First-hand experiences with specific applications and technologies are openly discussed. Lively discussions in a collegial setting are a hallmark of the meeting.

Symposia Feature

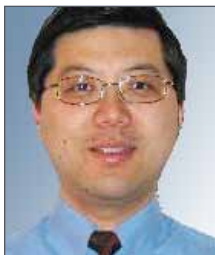

Industry Issues & Needs · Analysis Strategies · Performance Benchmarks

Roundtables Feature

Commercial Technology · Mainstream Applications · Analysis Trends

Short Courses Feature

Practical Industry Applications · Fundamentals
Real-World Examples · Emerging Methods and Techniques

*Jing-Tao Wu, Ph.D.
2011 Program Chair*

*Small group of CPSA Shanghai 2011 Organizing
Committee members at a symposium pre-meeting*

2011 Program Overview

Changing Paradigm in Drug Discovery and Development: East Meets West

Broad-based awareness of the analytical sciences is achieved through open discussion with industry leaders. This unique event is made possible by sponsors who are dedicated to promoting awareness and understanding of the analytical sciences with the hope of inspiring significant advances in the field. Symposia topics and discussions for CPSA Shanghai include:

- Short Courses
- Plenary Lecture by Pete Smith, Senior Vice President of Takeda Millennium Pharmaceuticals
- Comparison of Regulatory Requirements: DMPK
- Comparison of Regulatory Requirements: CMC
- ADME and Bioanalysis
- Drug Interactions and Pharmacogenetics
- PK/PD in Drug Discovery and Development
- Regulated Bioanalysis
- Pharmaceutical Sciences/Analytical Science
- Outsourcing Strategy Discussion
- Novel Drug Delivery Technologies
- Biomarkers in Drug Discovery and Development
- Biologics Development
- Bioanalytical Technologies
- Joint sessions with local area bioanalytical and metabolism discussion groups

...and much more. Visit www.cpsa-shanghai.com for more information and up-to-date program announcements.

Exhibition

This year's CPSA Shanghai has been expanded to an exhibition program, putting attendees in direct contact with leading industry vendors having in-depth knowledge of technology and applications.

Parallel Sessions

New to CPSA Shanghai is a parallel symposia format, providing attendees with even more options to meet their fields of interest.

CPSA SHANGHAI 2011

Hotel & Travel Info

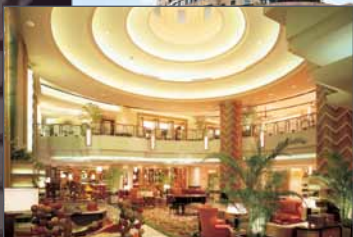

A special CPSA rate of RPM1200 has been secured at the Renaissance Shanghai Pudong Hotel if you reserve your room by March 13, 2011. More information is available on the CPSA Shanghai website.

Transportation

Details regarding transportation to and from the airport (Pu Dong - PVG) are available on the CPSA Shanghai website.

Travel

Secure your airfare and travel Visa to Shanghai now! Contact info@milestonedev.com for assistance.

Renaissance Shanghai
Pudong Hotel

Call for Papers – Abstracts due March 15

Abstracts are being accepted for the 2nd Annual Shanghai Symposium on Chemical and Pharmaceutical Structure Analysis (CPSA Shanghai 2011). Please forward abstracts including title and co-author(s) electronically to Mike Lee at info@milestonedev.com.

- Abstracts must be received by March 15, 2011
- Maximum length is 250 words

Registration

Registration for CPSA Shanghai 2011 is now open! Please watch the conference website for more information (www.cpsa-shanghai.com).

Conference Registration

Discount Registration: Jan 15 to March 30th

On Site Registration: After March 30th

Payment Methods

Check (Must be drawn on US bank)

Credit Card: American Express, MasterCard, Visa accepted.

Wire Transfer: Contact info@milestonedev.com for wire transfer instructions.

Local attendees can contact Mr. Frank Fung to arrange registration.
